

SMARTER OFFSHORING FOR NEXT-GEN TECH TALENT

FULL CONTROL | MAXIMUM VALUE

Carlson Hall for Recruiting Firms

What We Enable

U.S.-based recruiting or staffing firms can now offer India-based full-time hires to their clients—without any setup, compliance, or delivery burden.

You own the client. We handle the hiring, onboarding, and delivery.
You share in the revenue.

How It Works

1. You identify clients that want lower-cost, full-time technical hires (dev, cloud, support, data, etc.).
2. We help scope and price the team.
3. You introduce Carlson Hall as your offshore delivery partner.
4. **You get paid a partner share on every deal.**
5. We manage the rest: recruiting, HR, infra, retention, reporting.

Why Firms Love Our Model

- No entity or offshore team needed
- Retain the client relationship
- Earn passive revenue on every placement
- Expand into India without risk
- Carlson Hall stays invisible—we power your brand

Ideal Clients

- Growth-stage and mid-market firms hiring AI/ML, devs, QA, cloud, data, etc.
- Clients offshoring for the first time
- PE-backed clients under cost pressure
- Startups expanding engineering capacity
